

GC-LC Innovations

PeakSimple Data Systems

With 1, 4, or 6 Channels of Data Acquisition

**Standard in every SRI
GC and HPLC system**

For any Windows™ computer

USB or serial port

PeakSimple

Available as a stand alone unit

SRI's PeakSimple Chromatography Data System is included with every SRI GC and HPLC system, and is also available as a convenient stand-alone data system for any other manufacturer's GC or HPLC. PeakSimple software has been continuously developed, refined and improved since 1988 by the same dedicated team of working chromatographers who use the software on a daily basis, and strive to simplify and enhance every aspect of PeakSimple so our customers will benefit. New features are added to PeakSimple several times per year and the latest version is always FREE to download online, along with helpful tutorials. Tech support at SRI is "old fashioned!" When you call, a knowledgeable technician will answer your questions right away. No complicated phone menus, and no waiting on hold!

Easy to Learn, Easy to Use Software for all Windows™ Computers

Most PeakSimple functions are launched from the chromatogram window, and are so user friendly that most operators can produce results almost immediately. ToolTips makes learning your way around PeakSimple even easier—just hold your mouse cursor over any icon or checkbox to read the onscreen How-To instructions in one of many available languages.
