

Find-IT! Our Chromtech Website(s)

> Some more [[SEARCH](#)]

www.chromtech.net.au (m4, m5) > PC

www.chromtech-us.com (mobile)

www.chromalytic.net.au

New Mobile & PC

The INTERNET via GOOGLE is very "CHAOTIC"

- unless you fluke GOOGLES Ranking "algorithm" for SEO Ranking
- OR IF You Pay to rank High

To **Search Chromtech Products ONLY**

NET > use **GOOGLE Search** \ prefix your [Keyword] with "Chromtech"

{ "Chromtech" + "Keyword" + "Keyword 2" } > **Bypasses MOST of the other Google "Crap"**

eg "chromtech + teflon + ferrules"

our Original Site www.chromtech.net.au

see [GOOGLE THIS Chromtech Website](#)

This **GOOGLE Internal SEARCH** Button appears on each .htm page and across ALL HTM Pages

SEARCH in PDF is a bit obscure ! > unfriendly Even !

Open the **PDF** > [**Ctrl-F**] opens a [**Text Search Box**] > Highlights EVERY occurrence of [**KEYWORD**] Don't trivialise > but be "Specific" !

But ONLY in the Open PDF "Doc" > Of Course !

FlipHTML5 has it's OWN Search Mechanism (from the MAIN Page Menu > & **FAST !**

Mobile "responsive" Site www.chromtech-us.com (**FlipHTML5 OK via "zoom & rotate !**)

> has its' Own "Internal" [**TEXT SEARCH**] on Each PAGE

PRODUCT SEARCH Specific

The Chromtech "CTProductList" range covers some 30-50K individual Items from ~ 12 Different OEM Suppliers

Restek

SRI GCs

Value Plastics

Membrane Solutions

VICIValco-Cheminert

VICI-AG(Jour)

CHROMTECH Pharma Products; Vials, Caps, Stoppers, Crimpers but other items NOT covered here (? 30K ASK ! for > whatever ?)

Whist dated several years ago

Cat.#s are still relevant (> 95%)

although' some are obsolete and additions / improvements have since been made

The Item Index from each Supplier PDF CATALOG has been collected into a single "bundled PDF" of 464 pages (~18Mb)

www.chromtech.net.au/pdf2/CT_PRODUCTLIST-2014UP.pdf

[**Ctrl-F**] does a **SEARCH** across all these Main **CHROMTECH** Suppliers

<http://flip.chromalytic.net.au/books/ahxs>

[**Internal Search**]

NOTE : PDFs are a "dog" Too Slow for "bundled" PDF and if >30pages (ie page-served and slow and if >20Mbyte in size !

FlipHTML5 we limit to ~ 800 "PDF pages) , 150Mb MAX > at reasonable speed ! > far better visual presentation !

Some compromise of "dpi" resolution ?

PDF [**SEARCH**] is a bit "primitive" !

> "poor" Table of Contents" . . . BUT it's Still it's the "core" of FlipHTML5 !

GOOGLE > "NET"

prefix + "CHROMTECH"
+ "Keyword"

Google Search the Web
"Ask" chromtech.net.au

Search this PDF > [Ctrl-F]

Search this PDF > [Ctrl-F]

- see latest **FlipHTML5 Catalog** for more **PRODUCT details**

copy & paste **KEYWORDS** from this **PDF** page into the "external" **FlipHTML5 [SEARCH]**

for Latest Prices

> **ASK !** via e-mail : info@chromtech.net.au

Find-IT !

Our Chromtech-AUS Sites

"pages" ? > extensive use of Menus (& Drop-downs) although' some Fly-outs are "still Flash" & ?

Some SEARCH HINTS

- from PDF
www.chromtech.net.au/pdf2/CT_PRODUCTLIST-2014UP.pdf
[Ctrl-F] does a SEARCH across all these Main CHROMTECH Suppliers

Writ down other Keywords in the "Description" Open the FlipHTML5 page and [Internal R}

THEN Use the (+) Button to Zoom page display

- from FlipHTML5 . . . NOT "Boolean"
<http://flip.chromalytic.net.au/books/ahxs>
[Internal Search], [Ctrl-F] does NOT work !

Use Cat.# or [single word], [adjoining words] NOT Boolean eg 2 words apart > both results

DON'T trivialize words > far too many HITS !

Be specific !

[ferrules] > many hits

[graphite ferrules] still gives maybe ~50 "Hits"

IF You know the Cat.# and want de- "result" tails
ALL Results are generally Highlighted

Cat.# eg [SF400G] if there ! Gives a exact "Hit" plus some derivatives there-of !

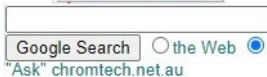

Many words ??? > a sprinkle of results eg try [column rtx-5 15m 0.25mm]

but NOT all Inclusive ! SO U still have to manual "drill down" further

From 100's of 1000s of words on these MAIN Catalog WebPages > IT DOES HELP !

On OUR Main PC Site www.chromtech.net.au

- This has similar "foibles" > ["results"] some "limited" Boolead features

NO DATA BASE IS MUCH BETTER ! W/out a lot of manual design work ! & maintenance !
